September 14, 2026

Mr. Charles R. Green, Commissioner
Department of Agriculture and Consumer Services
P. O. Box 1163
Richmond, VA 23218

Dear Commissioner Green:

I am in receipt of your letter requesting a waiver for farm winery licenses in areas that received a primary or contiguous natural disaster area designation from the United States Department of Agriculture (USDA) due to losses caused by frost and freeze that occurred from March 17 through May 4, 2026:

1. For Class I, Class II, Class III, and Class IV licensees, a greater quantity of out-of-state products than their license class allows.
2. For Class I, Class II, and Class IV licensees, a lesser percentage of products grown or produced on the licensed premises or on property in the Commonwealth that is owned or leased by the licensee.

After a review of this matter by our Compliance Unit and considering the circumstances as outlined in your letter dated August 24, 2026, I am of the opinion that the granting of this waiver is warranted.

Your request for a waiver on behalf to purchase fruit in excess of the limitations on the quantities that must be grown on their farm or in the Commonwealth is granted. The listed wineries are authorized to purchase additional fruit or agricultural products to achieve the level of production that was anticipated had not the multiple frost and freeze events that occurred on March 17, 2026 through May 4, 2026, that caused severe crop damage due to below-freezing temperatures has resulted in a significant reduction in Virginia fruit and agricultural products available to manufacture wine.

Should you have any questions, please feel free to contact me at (804) 213-4626.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Haalman", is written over a horizontal line.

Marc Haalman/DDH
Deputy Chief Field Operations
